Price List

of

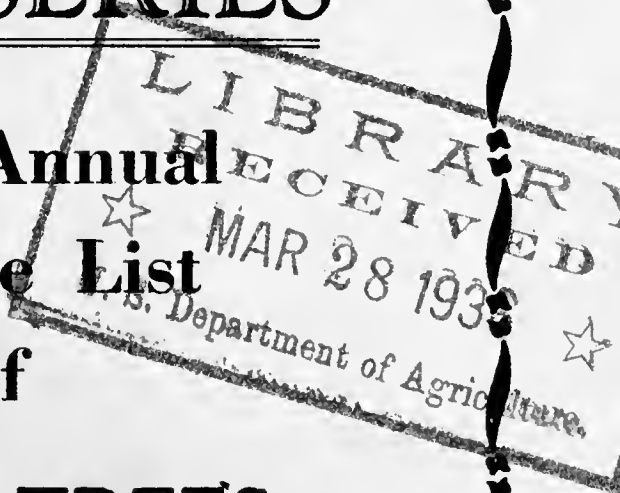

FRUIT TREES

and

General Nursery Stock

W. M. Moyle

UNION GROVE, WIS.

TERMS AND CONDITIONS

To Our Old Customers, and to the many new ones we expect to make this season: We would say that we issue no expensive catalogue, but prefer to send out this very modest little price-list, in which we have marked everything down to the lowest notch. A small profit and a quick sale is our motto!

PRICES HEREIN CANCEL ALL PREVIOUS QUOTATIONS.

CAUTION. All orders are accepted on condition that they shall be void should injury befall the stock from frost, hail, fire, or other causes, over which we have no control.

Prices herein are for cash with order or before shipment. We furnish 5 at 10 and 50 at 100 rates.

SHIPPING. We make no charge for packing, boxing, etc., and all stock is delivered to forwarders in good order, properly labeled and correctly packed. Freight and express charges are in all cases paid by the purchaser. **WE PAY POSTAGE.**

Complaints, if any, must be made at once upon receipt of stock, and if just, will be rectified.

We guarantee A No. 1 stock, good packing and prompt shipment.

While we exercise the greatest care to have all stock genuine, we do not give any warranty, and in case of any error on our part, it is mutually agreed, that we shall not at any time be held responsible for a greater amount than the original price of goods.

When any variety is exhausted, we reserve the right to substitute, or put in a smaller grade of trees, unless otherwise stated in order.

Apples

	Each	10	100
4 to 6 feet, first-class.....	65c	\$6.00	\$58.00
3 to 4 feet, light.....	50c	4.75	45.00

Those starred (*) are the hardiest varieties.

Summer Apples

Red Astrachan—Large beautiful deep crimson, fine seller. Extremely valuable for early market. Fine eating.

Tetofsky—Medium, yellow, striped profusely with crimson. Heavy yielder, excellent flavor for eating. Early bearer.

Duchess of Oldenburg—Large, yellow, streaked, red, juicy, rich, sub-acid, valuable for market, fine for cooking.

Yellow Transparent—The old reliable, tender, juicy, fine for cooking or eating, heavy bearer. Medium size fruit.

Golden Sweet—Large, beautiful golden, tender, sweet, a wonderful dessert apple. Every home orchard should have one or more.

Lowland Raspberry—Clear white, delicately shaded with crimson. Most beautiful apple, hardy, delicious flavor. Good size.

Benoni—Medium size, extra early, bright red, very productive, spicy, sub-acid.

Autumn Apples

Autumn Strawberry—Medium, red-striped apple, fine flavor, tender, juicy, very productive, a sure-cropper. Fine for local market.

St. Lawrence, or Fall Stripe.—Large, streaked red and yellow, good quality, hardy, an old favorite.

Wealthy—Originated in Minnesota, extra hardy, vigorous grower, very productive, mostly bright crimson, yellow splash. Fine for eating or cooking. Good market variety. Spicy, sub-acid.

Wolf River—Extra large, handsome, yellow-shaded, and striped red. Fine cooking, very hardy.

Fall Orange—Fruit large to very large, deep yellow and covered with small black dots; excellent quality, fine for baking.

Winter Apples

Ben Davis—Medium size, red stripe, heavy bearer, long keeper, fair quality.

Baldwin—Large, bright red, crisp, tender, fine flavor, heavy bearer, good commercial variety, valuable.

Cortland—New, highly recommended from New York, bright red, good size, excellent quality, hardy, one of the best.

Delicious—Large, red stripe, the best quality, good shipper, fine commercial variety, hardy, a wonderful apple.

Snow (Fameuse)—Medium, deep crimson, flesh white, fine quality, excellent for home market, a delicious dessert apple.

Gano—An improved Ben Davis, fair size, deep dark red, heavy bearer, good quality, fair market variety.

Grimes Golden—Good size, golden yellow, of highest quality, very productive, one of the best for the table.

Golden Russet—medium size, dull russet, good keeper, quality the best. Tree enormous and early bearer, valuable for market.

Jonathan—Medium size, bright red with pronounced yellow cheek when ripe, excellent commercial apple, the best quality.

McIntosh—Medium size, dark red, fine quality, heavy bearer, vigorous grower, wonderful seller, valuable.

Northwestern Greening—Hardy, yellow, large, long keeper, fair quality, strong grower, heavy foliage.

Northern Spy—Large, red stripe, mild, sub-acid and tender, delicious flavor, a marvelous dessert apple.

Pewaukee—A hardy, winter apple, red stripe, medium size, strong grower, late keeper, fair quality.

Salome—extra long keeper, pink stripe, white specks, heavy bearer, annual cropper, medium and uniform size.

Seek-No-Further (Westfield)—Medium to large, round, striped with dull red, russet dots, fine grain, tender, rich and excellent.

Stayman's Winesap—Medium, bright crimson, one of the best market varieties, excellent quality, a delicious apple.

Tallman Sweet—Medium, yellow, rich, reliable cropper, fine sweet flavor, makes the best cider, good keeper.

Windsor—Large round, pink flesh, dull-red, fine-grained, spicy, sub-acid, very good.

Winter Banana—A beautiful, golden yellow, crimson-cheeked apple, with a decided banana flavor. Tree hardy.

Maiden's Blush—Medium, red blush, fair quality, an old favorite.

Wagner—Medium, flat apple, bright-red, with yellow blush when ripe, early bearer, fine quality, wonderful eating apple.

We can also supply Yellow Bellflower, Pound Sweet, Bailey Sweet, Perry Russett, Willow Twig and Wagner.

Crab Apples

	Each	10	100
4 to 6 feet, first-class.....	65	\$6.00	\$58.00

Perfectly hardy, succeed everywhere, early and annual bearers.

Florence—One of the best crabs to plant. It is very hardy and an early bearer. Fruit is large, red and of good quality.

Hyslop—Large, deep crimson; one of the most beautiful; very popular, makes beautiful jell.

Transcendent—Immensely productive. Fine for canning or jell.

Whitney—One of the largest glossy green, splashed carmine; firm, juicy, pleasant, great bearer. Fine to eat out of the hand.

Pears

	Each	10	100
4 to 6 feet first-class.....	65c	\$6.00	\$58.00

Standard or Dwarf.

Anjou—Large, buttery, melting, rich vinious. The best late fall and early winter variety.

Bartlett—Large, buttery, juicy, high-flavored, great bearer, hardy, very popular, great market variety. Late summer.

Clapp's Favorite—Very large, yellow and red, with russet specks, melting, rich, a summer pear.

Flemish Beauty—Large, juicy, rich; one of the hardest and most popular. Yellow, ripens in late fall.

Howell—Large, yellow, with red cheek, rich, sweet, melting, early bearer, productive, early fall pear.

Keiffer—Medium size, long keeper, heavy bearer, exceedingly hardy, good canning pear.

Seckel—Small, skin rich yellowish-brown when fully ripe, flesh very fine-grained, sweet, juicy, melting, very rich, delicious.

Sheldon—Medium size, yellow, with a richly shaded cheek, flesh a little coarser than most pears, melting, juicy, with a very brisk, vinous highly perfumed flavor, vigorous grower.

Russian Apricots

	Each	10	100
4 to 6 feet, first-class.....	70c	\$6.50	\$60.00

These are quite distinct from the European varieties. Hardier, and will produce fruit when other apricots fail. Recommended where peaches can not be grown. They are early bearers and very productive.

Superb—A hardy seedling from Kansas. The best flavored, most productive, hardy apricot yet produced. Golden yellow, large, juicy, delicious.

Cherries

Probably no trees in the North are more prolific and the fruit is always in great demand, usually at a high price. Every home-garden should contain at least five or six cherry trees.

	Each	10	100
3 to 4 feet, first-class.....	60c	\$5.50	\$50.00

Dikeman—From Northern Michigan. The original tree has attained large size, and is still producing immense crops; fruit large, black, firm, of excellent quality; fine keeper and shipper; the latest of all sweet cherries.

Early Richmond—An early variety of extreme hardiness, bearing large annual crops of medium-sized fruit, light to dark red, a fine home orchard variety.

English Morello—Large, dark red, juicy, tree somewhat dwarf in growth. Hardy.

Montmorency—Large, bright crimson, very juicy, strong, upright grower, heavy annual bearer, the best late variety, also the best commercial variety.

The Wonderful Minnesota Plums

FINE TREES

	Each	10	100
4 to 6 feet, first-class.....	65c	\$6.00	\$55.00

We are very glad to offer you this season, these remarkable creations of the Minnesota Fruit Breeding Farm. Produced by crossing the Native Plums with the Japanese variety.

Monitor—Very large, delicious quality; annual bearer, producing huge crops, dark red when ripe.

Underwood—The earliest of all these beautiful plums, ripens in early August. Early and abundant bearer of large fruit; the equal of the best California plums. Purple.

Tonka—Very productive; large, dark-red, firm, excellent quality, small pit, nearly freestone. One of the best.

St. Anthony—A sand cherry hybrid similar to Sapa, but more vigorous, very productive. Fruit of good size, purple flesh, excellent for jelly or canning.

European Plums.

German Prune—Large, dark purple, heavy bearer, hardy, delicious quality, a wonderful plum.

Lombard—Medium, violet, red, juicy, good, hardy and productive, the leading market variety.

Reine Claude—(Green Gage) Very large, pale yellow when ripe, fine flavor, a wonderful canning plum.

Peaches

The Peach is one of our most delicious fruits. By many the tree is considered tender, and the crop uncertain in this latitude, but it is remarkable how many people raise peaches successfully by selecting hardy varieties and by planting in sheltered locations.

The list here offered contains the very best for hardiness and quality. Plant in rich soil with southern exposure.

	Each	10	100
4 to 6 feet, first-class.....	50c	\$4.75	\$45.00

Champion—A large, handsome, early variety, creamy white with red cheek; sweet, rich and juicy. Hardy and productive.

Crawford's Early—A magnificent, large yellow peach of good quality. Early in September.

Crawford's Late—A superb, large, yellow peach. One of the best. Ripens last of September.

Elberta—Large, yellow with red cheek; flesh yellow, firm, juicy, exceedingly prolific, sure bearer and hardy. The leading market variety. Follows Early Crawford.

Rochester—One of the hardiest, abundant bearer; medium size, bright yellow, fine quality. Middle of August.

Gooseberries

2 year, No. 1. 25c Each \$2.25 for 10 \$20.00 per 100

Carrie—Is extremely vigorous and healthy in foliage, and promises good. Of fine quality and the most productive of all.

Chautauqua—One of the most prolific large gooseberries grown. Bush strong and vigorous, berries light yellow, free from spines and hair veined and transparent, sweet and delicious.

Downing—Large size, oval, greenish-white; plant very vigorous and hardy, with stiff strong shoots; foliage heavy, covering the fruit from the sun and resisting mildew; bears most abundantly and is profitable for market and home use.

June Berry

Success June Berries—One of the most desirable fruits for the garden. Very hardy and productive. Much like blue berries. **25c Each. \$2.00 per 10.**

Currants

	Each	10	100
Prices: 2 year, No. 1.....	25c	\$2.00	\$18.00

Fay's Prolific—The leading market variety. Extra large stems and berries, uniform in size, easily picked, exceedingly productive, bright crimson.

Perfection—A grand currant, large berry of finest quality; two weeks later in ripening than Fay.

Cherry—Large, bright red, heavy producer, delicious flavor, valuable as a market variety.

White Grape—Very large, yellowish-white; sweet or very mild acid; excellent quality and valuable for the table. Productive.

Strawberries

Per 10, 25c; per 100, \$1.00; per 1,000, \$6.00.

Dr. Burrill—Large, heavy producer, strong grower, mix half Burrill and half Dunlap for a heavy producing strain of berries.

Dunlap—Medium to large, conical, dark-red, firm and of first quality, midseason. A vigorous grower and heavy producer.

Everbearing Strawberries

Mastodon—The best everbearer ever developed, extra large berry, good plant maker, fine flavor, a good commercial berry.

Champion—The old reliable everbearer. A medium-size berry of excellent quality. A favorite for many years.

Raspberries (Black)

Prices: No. 1 tips. Each, 5c. 10, 40c. 100, \$3.00

Kansas—Jet black, firm and delicious, as large or larger than Gregg. The hardiest black cap known, successfully withstanding the northern winters.

Plum Farmer—One of the most profitable market varieties, as it ripens in very short time. Berries are large size, firm, thick-meated, black with a bloom similar to the Gregg. Very attractive when ready for market.

Raspberries (Red)

Columbian—A vigorous grower; canes often ten to fifteen feet in length and over an inch in diameter. Never suckers from the roots. Very hardy, enduring 28 degrees below zero. Fruits very large, dark red, bordering on purple.

Cuthbert—(Queen of the Market)—Large conical, deep rich crimson; firm, of excellent quality. A vigorous grower, entirely hardy, and immensely productive.

St. Regis Everbearing Raspberry—A medium-size berry, which produces fruit in the fall as well as in summer, fine flavor, heavy producer, strong grower.

Latham—This, we think, is still the best red raspberry on the market today. It is a strong grower, extremely hardy, a large berry, some of them an inch in diameter. This is the best berry money can buy for home or market.

Chief—This is a new berry, coming about ten days before Latham. A medium-size berry, extra strong grower, luxuriant foliage. A good market variety.

Blackberries

Prices.	Each	10	100
	7c	60c	\$5.00

Snyder—Extremely hardy; enormously productive; medium-size, no hard sour core.

Eldorado—Because of the peculiar thick and elastic composition of the leaf of the Eldorado it stands in a class by itself. Rust or scalding sun does not affect them. If you have been disappointed in growing blackberries, take our advice and try the Eldorado. We have the true-blue stock.

Grapes

2 year, No. 1.	Each	10	100
	25c	\$2.25	\$20.00

Brighton—Bunch large, well formed, berries above medium to large; round; excellent flavor and quality, early to ripen.

Campbell's Early—Large black grape, very early, very good keeper and shipper, a wonderful dessert grape.

Concord—The well-known standard variety, succeeds wherever grapes will grow. Large, black, very productive.

Diamond—The leading early white grape, ripening before Moore's Early, excellent quality, large, fine market variety.

Moore's Early—Bunch large, berry large round, with heavy bloom. Very hardy. Its earliness makes it desirable for an early market variety.

Niagara—Occupies the same position among white varieties as Concord among the black. The leading white market variety. Bunch and berries large, greenish-white, changing to pale yellow when ripe.

Worden—A splendid grape of Concord type, larger, better quality, and earlier. Vine vigorous, hardy and productive. One of the best black grapes grown.

Shade and Ornamental Trees

Garden Roots

Rhubarb or pieplant, strong, 2-year-old roots, each 10c; 10, 90c; 100, \$8.00.

Asparagus (Conover) each 5c; 10, 30c; 100, \$2.50.

Asparagus (Martha Washington). The new rust-proof asparagus, each 5c; 10, \$1.00; 100, \$2.50.

Horse Radish, each 10c; 10, \$1.00; 100, \$8.00.

Hardy Roses

Good strong field-grown bushes that will bloom nicely the first summer.

Prices: 2-year.	Each	10	100
	40c	\$3.75	\$35.00

Frau Carl Druschki—Very large, perfect form and snow white, a vigorous grower and free bloomer.

General Jacqueminot—One of the most popular of the red roses; brilliant crimson; large and very effective; fragrant, hardy.

J. B. Clark—Large, red, perfectly hardy, robust in growth, with clean, heavy foliage, the king of the reds.

Magna Charta—Extra large and full, bright rosy pink; a profuse bloomer and very hardy.

Paul Neyron—Said to be the largest rose in cultivation; bright, clear pink; very fragrant, hardy and a strong grower.

Persian Yellow—Hardy, great bloomer and delightful color, strong grower, forms large bush. Double.

Austrian Copper—Hardy; a brilliant orange-yellow rose. Forms large bush with hundreds of gorgeous blossoms. Double.

Harrison's Yellow—An old-timer of great hardiness and dependability, strong grower. Double.

Belle Poitevine—Cluster of large, semi-double, open blooms of very beautiful pink. Blooms continually all summer.

C. F. Meyer—Very large, double, showy, clear, silvery-rose. Strongly fragrant.

F. J. Grootendorst—Small, red flowers in clusters; strong grower, bushy, with leathery disease-resisting foliage.

Hansa—Large, full double, red blooms. Profuse bloomer. Wonderful rose for a hedge or a screen.

Roseaie de l'Hay—Large, double crimson-red blooms shading to rosy magenta and of a delightful fragrance.

Climbers

Blue Rambler—Violet-blue flowers in loose clusters; a rampant grower; something different; hardy.

Crimson Rambler—Crimson, semi-double; vigorous plant; good pillar and porch climber.

Climbing American Beauty—Rich carmine, moderately fragrant, large blooms on separate stems, glossy foliage, hardy.

Dorothy Perkins—Shell pink; one of the best climbers, blooms in cluster. Vigorous and excellent climber, glossy foliage.

Excelsa Red Dorothy—Intense crimson—immense, clusters; superior to Crimson Rambler in color and foliage; hardy; vigorous.

Paul's Scarlet—A very popular red climber. Large blossoms, hardy, strong grower, gorgeous.

White Dorothy Perkins—Pure white sport from Dorothy Perkins, identical and habit.

Everblooming Roses

Dame Edith Helen—Clear pink, long strong stem.

E. G. Hill—Dazzling red, very fine cut flower.

Etoile de France—A fine vivid crimson, free bloomer.

Golden Dawn—Deep yellow, long pointed buds, beautiful.

Gruss an Teplitz—Bright crimson, shaded to velvet, hardy.

J. L. Mock—Extra large, bright shading to light pink.

Kaiserine Aug. Viktoria—Pure white, profuse bloomer, large.

Killarney Double White—Very double, pure white.

Radiance Red—The best all-round red money can buy.

Radiance Salmon—Beautiful salmon-pink blossoms.

Rev. F. Page Roberts—Large coppery yellow; fine form.

All Roses are 40c Each, or \$3.75 per 10.

Climbing Vines

Prices:	Each	10	100
	30c	\$2.75	\$25.00

Engelman's Ivy—Hardy climbing vine, five-leaved, clings to either wood, stone or brickwork.

Boston Ivy—Glossy green foliage that turns to crimson in the fall. Clings to brick or stone the best of any vine.

Dutchman's Pipe—Although the brownish, pipe-shaped flowers are interesting, the immense heart-shaped leaves are the important feature, furnishing the most complete screen of any vine.

Trumpet Ivy—Flowers trumpet-shaped, deep crimson, strong grower, hardy.

Bittersweet—Has pale-yellow flowers, followed by pretty orange-colored berries in fall. Berries can be picked and sold for ornamental purposes at a profit.

Scarlet Trumpet Honeysuckle—A profusion of scarlet trumpet-shaped flowers are born in clusters during the entire season.

Chinese Matrimony Vine—Really a trailing shrub. The purple flowers are followed by attractive, brilliant crimson fruit.

American Purple Wisteria—A very rapid growing vine, with small pale-blue, fragrant flowers, the most beautiful vine.

Clematis

Strong Plants.	Each	10
	50c	\$4.50

Clematis Coccinea—Pretty red belled-shaped flowers.

Clematis Crispa—Flowers blue, bell-shaped, hardy and popular.

Clematis Henryi—Large, creamy white flowers.

Clematis Jackmani—Large, velvety-purple flowers, profuse bloomer.

Clematis Ramona—Large sky-blue flowers. The largest flowering.

Clematis Ed Andre—Large violet-red flowers.

Clematis Paniculata—A strong-growing variety, with small, star-like white flowers, delicately scented.

Hardy Ornamental Shrubs

First-class, 2- and 3-year-old bushes.	Each	10	100
Except as noted.....	30c	\$2.75	\$25.00

Amoor River North Privet—Very hardy, makes a fine hedge, dark-green foliage, easily trimmed.

Almond, flowering — A bush covered with beautiful double-pink blossoms early in the Spring like little roses.

Barberry Thunbergi (Japan Barberry.)—A fine well-known hedging shrub with bright-red berries. The leaves turn red in the fall.

Beauty Bush—A recently introduced shrub from China. Entirely covered in Spring with bright pink bell-shaped flowers.

- Bechtel's Flowering Crab—A small tree covered with double sweet-scented pink blossoms. The double wild crab. Each 75c.
- Siberian Pea Tree—A pretty shrub, with feathery light-green foliage and pretty pea-shaped yellow blossoms. Very hardy.
- Coral Berry—A very hardy shrub, covered with red berries in the fall, which hang on almost all winter. Unequalled for planting in the shade or on the north side of buildings.
- Cottoneaster—A beautiful hardy shrub with glossy green leaves and covered with blackberries in the fall. Fine for hedging.
- Dogwood, Red — A fast-growing shrub covered with glossy green leaves, red bark.
- Dogwood, Yellow — Same as above, but with bright yellow bark
- Doubleflower Plum—A beautiful large shrub covered with double pink blooms.
- Flowering Currant—Large, covered with yellow blossoms.
- Golden Bell—The earliest blossoming shrub. Yellow blossoms.
- Golden Elder—Tall, yellow leaves, white flowers.
- High Bush Cranberry—Similar to snowball, red berries in fall.
- Hydrangea P. G.—Immense white flowers, turn pink in fall.
- Hydangrea Tree — Same as above, except trained to tree form.

Hydrangea Hill of Snow — Smaller than P. G. Large white flowers.

Japan Quince — Large, glossy leaves, bright red blossoms in May.

Purple Leaf Plum — Dark purple leaves all through summer.

Paul's Scarlet Thorn — A hawthorn that has double bright-red blossoms. Beautiful. 4 to 5 feet. \$1.50.

Russian Olive — Tall, silvery white leaves, fine background.

Snowball — Round balls of bloom, glossy green foliage.

Snowberry — Pink blossoms, white berries in fall.

Spirea, Golden — Tall, golden leaves, white blossoms.

Spirea Van Houtti — (Bridal Wreath.) — White blossoms, heavy foliage.

Spirea Frobeli — Large flat clusters of pink blossoms, about 4 feet.

Spirea Anthony Waterer — A dwarf type of the above.

Spirea Arguta — Like Bridal Wreath, but is two weeks earlier.

Spirea Prunifolia — The double white bridal wreath.

Staghorn Sumach — Tall, hardy, fern-like leaves, red berries.

Strawberry Tree — Tall, greenbarked, red berries in fall.

Mock Orange (syringa) — Tall, white, sweet-scented, like orange blossoms.

Syringa Flora Plena — Double form of the above.

Tamarix Amur. — Tall, feathery foliage, pink plume-like blossoms.

Weigela Floribunda — Medium bush, red bell-shaped blossoms.

Weigela Rosea — The hardiest *Weigela*. Pink bell-shaped flowers.

Red Japan Barberry—Red leaves, beautiful all summer, fine mixed with other shrubbery.

LILACS

Price	Each 45c.	10, \$4.00
-------	-----------	------------
